

Remarks

By submitting Replacement Drawings, applicants endeavor to have the Patent publish with high-quality Drawings. Specifically, Applicants note that the quality of the Drawings in the Patent Application Publication (US 2004/0191321 A1; Sep. 30, 2004) was diminished in comparison to the quality of the Drawings originally submitted to the Office, and therefore, Applicants desire the Patent to publish with Drawings of the quality originally submitted.

The high-quality Replacement Drawings transmitted herewith do not contain new matter, and as such, Applicants request entry. It is believed that there is no fee associated with the filing and consideration of this document. However, should fees be necessary in connection with the filing of this paper, or if a petition is required for timely acceptance of the same, the commissioner is hereby authorized to charge Deposit Account No. 03-0172 for any such fees, and Applicants hereby make such petition.

Respectfully submitted,  
Calfée Halter & Griswold, LLP
